Pennaeth Mr M Vickery Headteacher

11th July 2018 / Gorfefennaf 11th 2018

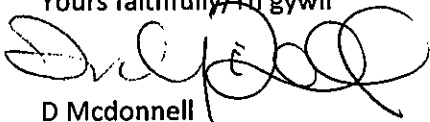

Dear Parent(s)/Guardian(s) / Annwyl Rieni/Warchodwyr

The first stage of the Raytheon Quadcopter Challenge will be taking place on 12th September, beginning at 9:45am at Glyndwr University. Students will be taken by school minibus to the venue leaving from school at 9:30am. Students should arrive at school at the usual time. Throughout the day students will have an opportunity to build a quadcopter with help from industry experts. Each team will then be given advice on how best to customise and improve their quadcopter.

Students will be transported back to school from Glyndwr University at 15:30 by mini-bus. Students will need to arrange transport home from the school, and will be asked to text or call home if there are any changes to the schedule. Students should note that school uniform **must** be worn. They will also need to bring a **packed lunch** with them, as there are no facilities to purchase food at the venue.

This opportunity is free of charge, and your child has been selected due to their outstanding performance in science lessons. Please return signed consent forms to Mr McDonnell by Friday 20th July.

Yours faithfully / yn gywir

D McDonnell
