January 2021

Dear Parent/Guardian,

We are please to inform you that using GO 4 Schools, you will be able to view your child's progress online and access the following information at any time:

- **Half termly Interim Reports** – Current grades and target grades for all subjects six times a year
- **Timetable** – Your child's daily and weekly timetable
- **Attendance** – Shown from the start of the academic year
- **Progress Reports** – Full written reports which are published once a year

Your child's page is updated, providing you with the latest information at the end of every half term. The interim report shows your child's Target Grade and their Current Grade from the assessment data collected for each half-term only. The Current Grade is NOT a prediction of the grade your child will get at the end of the Key Stage (Year 9 and Year 11). However, it does give you information on how well your child has demonstrated the skills taught, developed their understanding, and shown the knowledge they have gained over this half-term following the Learning Plan for each subject.

To access the site, please go to www.go4schools.com and click on the Parents icon at the top of the main page to arrive at the log-in screen. The email address you use to enter the site must be the one we have registered with our school. If you would like to change this email address please email data@clywedog.org.

To request a password for GO 4 Schools, please click on the 'First-time User' link shown below. Then enter your email address into the First-time User 'Email address' field and click 'New password'. A randomised password will then be generated and sent to your email address.

Progress Reports

This shows grades for your child as they were captured by reports and compares them against current grades. At the bottom of each report column you can access a report by clicking the 'View report' link. You can then also download and print copies of the reports which will be available for the whole of the year.

Every student has been assessed to measure his or her progress during the previous half-term and these reports are a reflection of these assessments. As a school we analyse assessment data and looking at how your child's progress can be further enhanced. We would be very grateful if you could talk to your child about their grades and reflect on their strengths.

Yours sincerely

Mr M Vickery
